

The Ultra Max II 695 is the industry standard for professional contractors who spray a full range of coatings on residential, commercial and industrial jobs. The Ultra Max II 695 handles the most common tip sizes, longer hose lengths and heavier coatings with ease.

Proven Endurance Pump

- Larger fluid passages handle heavier coatings with ease
- Long-life V-Max Blue Packings, Chromex Rod, and Hardened Stainless Steel cylinder
- Hammer access inlet valve to easily clean or clear debris
- Hand removable inlet tube

SmartControl 2.0 Pressure Control

- Advanced microprocessor control delivers Graco's most consistent spray fan at all spraying pressures
- Zero deadband at lower spraying pressures makes the 695 ideal for fine finish spraying
- WatchDog™ system automatically shuts off sprayer when bucket is empty to prevent damage

Exclusive Brushless DC Motor

- Compact, light weight motor delivers higher horsepower per wall amp
- No brushes to replace
- Enclosed design protects internal motor components from dirt, dust and overspray to extend motor life

Chrome Plated, Welded Steel Hi-Boy cart

- Retractable handle system doubles as a hose wrap
- TiltBack cart design
- Lift handles offer convenient grab points
- Welded steel power cord rack
- Tubed pneumatic wheels roll easily on all surfaces

Easy Out Pump Filter

- Filtering reduces tip clogs and ensures a quality finish
- Easy Out design filters from the inside out – so filters won't get stuck or collapse when dirty
- Filter removes with the cap for less mess
